HAVING recently visited various parts of the United States we are convinced that the supply of thrifty, well grown nursery stock does not exceed the demand for this season.

This assures us that the nurserymen who have the courage to ask what the product is really worth, and at the same time serve their clients intelligently, will have plenty of business, and will be well repaid for their efforts.

Grafted Wisteria (Tree type)

This picture, and those inserted in the center of the catalog, show the quality of stock that we are producing.

BEFORE DINNER

A pleasant place to spend a half hour before dinner is in a garden. Take a chair under the trellis over which grows honeysuckle. In front is a pool in which you can watch the goldfish catch the insects that light on the water. Beyond the pool is a rectangle of green turf, surrounded by flowers and shrubs. From May until October the colors are vivid. You are screened on all sides. A cardinal will probably sing for you. . . . If you feel so inclined you can drink a glass of lemonade and smoke a cigarette. Such a half hour compensates for any distress endured during the day at the office.

FRUIT TREES

Due to the limited supply of Fruit Trees available for delivery this season, we are not quoting thousand rates. It is possible however that quantity rates can be allowed on certain varieties, and your inquiries are solicited.

We reserve the privilege of charging 2½ to 5 cents more per tree in case less than five of a variety are ordered.

SPECIAL PRICES FOR CARLOT ORDERS

Although we are quoting in quantities up to 100, somewhat lower prices can be allowed for large quantities and for carlots.

In case considerable weight is involved in an order, we urge you to inquire into the carlot rates.

IMPORTANT NOTICE

Balled plants now take 3rd class freight rate when shipped unpacked. (Without being boxed or crated).

In a great many cases we save our customers money by securely wrapping the ball with 2 way stretch water-proof paper, tying the tops when necessary, and shipping without boxing.

Transportation employees handle the plants carefully, and the water-proof paper on the balls prevent drying out.

STANDARD OR TREE ROSES

No. 1 Grade, \$1.15 Each, \$10.00 per 10
No. 1½ Grade, \$1.00 Each, \$8.50 per 10

The supply of good Tree Roses is very limited in this district this season. At the present time we have very little in the way of a surplus to offer, but it is possible that we will be able to locate good stock later in the season, so if you are needing Tree Roses we will be glad to have your inquiries, and will do the best we can to supply them.

No substantial business was ever built solely on price. Without the slowly acquired reputation for integrity, the price bait would be ineffective.

Happiness is rooted in economic health. A nation that makes heroes of its business men will enjoy three meals a day and a comfortable bed, while the nation that makes heroes of its politicians will go hungry and shelterless.
